

“The assistance to come up with an effective solution that meets the project specifications is appreciated”

“The breakdown of time and material billing costs on invoices really helps manage costs and provides the level of details needed for Hormel Engineers to properly manage their projects”

“Great job going above and beyond expectations on the Osceola Racking Job. Your Knowledge of previous racking modifications projects was able to pass on an improved detail to a new location”

“Lysne does a great job of completing a job on schedule”

“Work in Knoxville has exceeded expectations as far as schedule is concerned. They were able to turn around the room three days early”

“Positive feedback in regards to schedule compliance and getting projects completed within tight construction windows”

“Lysne Superintendents are always very helpful when trying to solve a new problem by offering their insight or talking to other industry contacts they have to help solve the issue. The time and material billing system is very easy to understand and is very useful.”

“Lysne has a great team in the Austin Plant on a daily basis. Excellent attitude and handles a great load of projects with ease. Due to daily meetings, we are always on top of the progress that is being made”

“Lysne does an excellent job of estimating and bidding projects”

“They are one of the contractors that you just know will “own” their project work and get it done right. I do not have to worry about them violating QA or safety policies”

“Email communication with the Superintendents has been a great addition. This has allowed documents to be sent directly to the jobsite as well as a way to document conversations”

“Overall excellent final product for the Algona Dry room project that was within our budget”

“Lysne was tasked with an immediate repair for the replacement of the bar joist on the north end. They did an excellent job completing with an extremely short notice”

“Prepared for the morning contractors meetings and is able to provide information on what is being wired on that day and in the future. This level of communication is greatly appreciated”

“Lysne did a great job on a recent main door installation at Burke Foods”

“The crew and project leads at the Austin plant do a good job of coordinating all the weekend project work and making sure it is completed”

“We value the thoughtful design input provided by AJ Lysne to Hormel and how you assume ownership for a project by treating Hormel’s money as if it were your own”

“Overall the crews show a great sense of urgency when working on project with strict deadlines and work with the plants to minimize shutdowns”

“Good communication when issues come up that needs to be clarified”

“Punch list items were minimized and handled quickly”

“Great job to the superintendents for their communication with their plant contacts when changes come up or issues are encountered”

“Project has been a success due to the ownership taking in the project A J Lysne”

“AJ Lysne has a great attention to detail and awareness to keep owners equipment clean and undamaged”

“Lysne is great at meeting tight deadlines and doing the job right”

“The skilled craftsmen always have a good handle on how to handle our needs.”

“Lysne is continuously finding ways to save money through their knowledge of the facility and equipment”

“The Knoxville mezzanine project went very well. AJ Lysne worked with several subcontractors to get the best pricing”

“Excellent marks and comments on schedule compliance, cost/budget control, and communication/ documentation”

“Lysne does a great job making sure that all the requirements are met”

“Schedule compliance is on or ahead of schedule”

“Lysne is doing very well on the data Center Project. They are doing a good job of making up lost time and keeping costs under control. Communications has been good”

“Conformance to requirements is one of AJ Lysne Contracting’s strong areas. They assume full ownership of each project and are willing to challenge us if something does not look or seen right, which helps the work get done right the first time”

“Does what it takes to meet the requirement and schedule”

“They proved once again to be reliable and quick at assisting us in an emergency situation as they are in the more routine construction services. It is nice to know that we have such a quality company as AJ Lysne to count on”

“I wanted to commend your crews for a successful project, it was a long weekend and everyone did a great job of staying on task and taking care of business we stayed ahead of schedule and on budget. It doesn't get much better than that. I personally appreciate how easy and personable it is to work with your men, you have some real talent in your company”

“The honesty, work ethics and integrity of AJ Lysne was a tremendous relief to us. Our experience in this expansion project was better than we could have imagined. Al was continuously available to answer questions and address items needed to keep our project on schedule.”

“Our projects were successful and the work was high quality, I would recommend you to future clients”

“Your employees provided us with not only top quality service and a highly skilled level of workmanship but also made that special effort to make this project exactly what we wanted, IUOE Local 49 wants you to know that your company's high level of experience resulted in a building that has been built to suit our expectations and that we are very proud of”

“As a result of their efforts and planning, the switch out went smoothly and our Company suffered minimal downtime. It is because of employees like yours that Hormel can make the quality products we do”

“AJ Lysne provides superior workmanship on new construction and remodeling work. They are very knowledgeable and solution-oriented”

“AJ Lysne Contracting does their best to complete work during the week on straight time basis, and strives to take full ownership of their projects”
